ERRATUM

Resistin is associated with biomarkers of inflammation while total and high-molecular weight adiponectin are associated with biomarkers of inflammation, insulin resistance, and endothelial function

Jessica L Fargnoli, Qi Sun, Deanna Olenczuk, Lu Qi, Ying Zhu, Frank B Hu and Christos S Mantzoros

The authors and the journal apologise for an error in the funding section of this article published in 2010, vol **162**, pp 281–288. The grant number that is listed as DK081923 is actually DK081913. The Funding section with the correct grant numbers is published in full below:

Funding

This work was supported by the National Institute of Health (grants HL65582, HL60712, HL34594, DK58785, DK081913, DK79929, and DK58845), a discretionary grant from BIDMC, and a grant-in-aid by Tanita Corporation. Dr Hu is a recipient of the American Heart Association Established Investigator Award. Dr Sun is supported by a Postdoctoral Fellowship from the Unilever Corporate Research.
