ERRATUM

Association of thyroid function with estimated glomerular filtration rate in a population-based study: the HUNT study

Bjørn Olav Åsvold, Trine Bjøro and Lars J Vatten

The journal and the authors apologise for an error in this article published in the *European Journal of Endocrinology* (2011) 164 101–105. The caption to Table 4 on page 104 was wrongly printed and the correct caption and table is printed in full below.

European Journal of Endocrinology 164 316

Table 4 Geometric mean eGFR (ml/min per 1.73 m²) by categories of thyroid function and age, adjusted for sex, age and smoking.

	Age <70 years (n=22 071)			Age ≥ 70 years (n=7409)		
	eGFR	95% CI		eGFR	95% CI	
Hyperthyroidism						
Overt	120.5	113.5	128.0	87.0	78.9	96.0
Subclinical	91.7	89.9	93.4	76.4	73.4	79.5
TSH (mU/l)						
0.50–1.4	89.9	89.6	90.3	75.3	74.4	76.2
1.5–2.4	88.5	88.1	88.9	73.5	72.6	74.4
2.5–3.5	87.0	86.3	87.7	72.6	71.4	73.8
Hypothyroidism						
Subclinical	86.5	85.5	87.4	70.7	69.3	72.2
Overt	83.3	80.5	86.4	68.3	63.3	73.6
